

# ABOUT CELEVATE

**Celevate**® is the innovative, no-crash boost your mind and body deserves. A fully-focused, fundamentally different energy supplement, Celevate is a clean combination of well-studied botanicals, nootropics, antioxidants, and cellular energizers specifically formulated to work at the most fundamental level...your cells.

- Each can of **Celevate**® contains 150mg of caffeine, which we've found to be the sweet spot for maximum benefit without side effects – especially when paired with L-theanine.
- With Vitamin E, which helps to maintain immune function and supports mood, brain health, and various functions of the central nervous system.
